

Twin Cities ARMA Chapter

60th Anniversary Celebration

As of September 28th, 2021, our ARMA Twin Cities Chapter is 60 years old!

In appreciation and recognition of this amazing milestone, we are planning some **celebration** activities to do throughout our 2021-2022 programming year.

To make these activities as successful as possible, here are a few things you can do to help us.

#1 - STORIES *(due by Tuesday, August 31st)*

At our Virtual September meeting, we would like to share memories from throughout the years of the chapter.

Please send us a picture you have from an ARMA Twin Cities along with the story that goes along with it. If possible, please identify all persons in the picture. These pictures will be shared internally only as part of our meeting presentation.

If you are in contact with former or retired members, please share this with them so they can contribute too.

Please send stories to natasha.krentz@ngc.com with "ARMA TC Story" in the subject line. *(Note: due to my email restrictions, please send one photo/story per email.)*

#2 - FACTOIDS *(due by Tuesday, September 21st)*

For our October meeting, we want to focus on **History from the last 60 years**. Please share any interesting and amazing facts about

- The Twin Cities area
 - o Example: The Guthrie used to be located where the Walker Art Center is currently. Their first and last show in that location was Hamlet.
- The Twin Cities Chapter
 - o Example: Prior to becoming the Twin Cities Chapter, we were the Minneapolis Chapter founded in 1956.
- ARMA International
 - o Example: ARMA was originally the acronym for "Association of Records Managers and Administrators". (for reference: <https://www.arma.org/page/FAQ>)
- Other associated organizations.
- Other facts about records management in general.

Please send factoids to natasha.krentz@ngc.com with "ARMA TC Factoids" in the subject line.

#3 – MEMORABILIA *(due by February 28th)*

At our In-Person Spring Conference in April 2022, we plan to have a display of items from our Chapter's History for attendees to admire. If you have pictures or other memorabilia that you would be willing to give or loan to the chapter, please let us know about it. Currently, we are still evaluating how to do this. Such as: how and where will we collect the items? How will we display them? How will we get them back to their owners. The more we know exists and the more we know about that item, the better prepared we will be for figuring out all the details. So, if you have ideas, questions, etc. please let us know!

Again, if you are in contact with former or retired members, please share this with them so they can contribute too.

Please send input, info or questions about memorabilia to natasha.krentz@ngc.com with "ARMA TC Memorabilia" in the subject line.

Finally, if you have any other ideas, questions, or feedback, we really would appreciate hearing from you.

Thank you and happy 60th Anniversary everyone!
